

SUPREME COURT DECISIONS

FOUR HANDED DOWN IN THIS CITY AT YESTERDAY'S SESSION.

No Error Found in Any of the Cases—The Lehigh Valley and Consolidated Railroad Companies Must Pay Damages—Other Interesting Court News.

The judges of the supreme court of errors met in this city yesterday and handed down decisions in four cases, two of which are of especial interest in New Haven. In the case of Peter Luby vs. James Redmond and wife of Wallingford no error is found. Neither was any error found in the case of Joseph H. Murray vs. the Lehigh Valley Railroad company.

Murray brought suit against the railroad company for injuries received by jumping off one of the trains of the defendant corporation near Brill station, New Jersey, December 3, 1893. Behind the train on which Murray was riding and running on the same track was a train of the Central Railroad of New Jersey and this train Murray claims was managed so negligently that a collision between the two trains seemed inevitable and Murray jumped and landed in a pool of water.

In consequence of the drenching he received and the exposure he was taken ill and claimed \$1,200 damages. The case was tried before Judge Prentiss and a jury in the superior court in this city recently and a verdict given for the plaintiff to recover \$500 and costs.

WALLINGFORD CASE.

In the case of Peter Luby against James J. Redmond and wife of Wallingford the court finds that there is an error in the relief granted. Luby, through his conservator, William Luby, sued to recover property valued at \$15,000, which he had deeded to the Redmonds on condition that they should support him as long as he lived.

The case was heard before Attorney John W. Ailing as a committee of the superior court and he decided that the property should be reconveyed to Luby and that about \$500 should be decreed to the Redmonds for taking care of Luby since 1890.

POMPOONIO CASE.

In the case of Nicolangino Pomponio against the Consolidated railroad the judges of the supreme court decide that there is no error. The plaintiff's son was killed by the cars in Waterbury May 30, 1892, and brought suit for \$5,000. The case was tried in the superior court in this city and Judge Prentiss awarded the plaintiff \$3,500 damages, which decision the supreme court sustains.

SUIT FOR \$150.

No error is found in the case of Sidney M. Witheringham against David J. Mahoney. The suit was brought in the common pleas court, where the decision was rendered in favor of the defendant. The suit was originally brought to recover an alleged debt of about \$150.

INSOLVENT ESTATE.

In the probate court yesterday Judge Cleveland appointed Attorney Walter Pond trustee on the insolvent estate of Abner L. Laird, a fish dealer at 169 Washington street, and Adam Stetig and Daniel A. McWilliams appraisers.

During the eight years he has served he has never missed an encampment. This year his engagements are such that he will be away from the state during the encampment, and for this and other reasons he cannot serve.

He was appointed by Colonel Leavenworth and is re-appointed by Colonel Doherty.

CONNECTICUT JOTTINGS.

EVENTS AND INCIDENTS IN VARIOUS PARTS OF THE STATE.

Agent to Prosecute—Horse Thieves Captured in Bridgeport—More Burglaries in New Britain—Yacht Club Regatta—Blacksmith Found Dead—Murder Case in Derby—Funeral in Milford.

Middletown, July 19.—Executive Secretary Frank D. Haines was this afternoon appointed prosecuting agent by the county commissioners, and accepted the position.

Bridgeport, July 19.—George Lawrence and John Lowe, whom the police here regard as experienced horse thieves, were captured this morning by Sergeant Redgate and Detective Hackett. They stole a horse and carriage on Wednesday night from A. H. Perkins of Torrington. They put up the turn-out at Peck & Lines' stables here last night, and this morning were trying to sell it to a neighboring liveryman when the officers appeared. The whip, bearing Mr. Perkins' name, was found hidden in a new building which they passed as they entered the city.

Hartford, July 19.—Burglars were operating in New Britain last night. The house of Policeman McCarthy, No. 351 Stanley street, was entered and thoroughly ransacked. The pockets and the uniform were emptied, but little of value taken. McCarthy heard the noise and got up, but the burglars escaped. They afterwards visited the home of William Ryan on Hartford avenue and secured about \$30 in money. There is no clue, but it is supposed the men belong to the gang which has been operating in Waterbury and surrounding towns.

The seventh annual regatta of the Indian Harbor Yacht club will be sailed on Saturday, July 27. The entry list will be open to yachts enrolled in any recognized club, the regatta committee reserving the right to reject any entry. Classes will be for schooners, sloops, cutters, yawls, cabin and open boats, and open sloops. Entries will close with Frank Egan, chairman of the regatta committee, on Thursday, July 25. His address is, Club Station, Greenwich, Conn.

Danbury, July 19.—Ground was broken this morning for Meeker Brothers' new hat factory here. The Consolidated road has purchased the property which Meeker Brothers occupy at present, and it is the intention to use it for railroad purposes, thus necessitating a change of location for the factory.

Salisbury, July 19.—James Lymeham, a blacksmith, who was employed by J. D. Smith of this place, was found dead on a lounge at the latter's residence this morning. Medical Examiner Burch was summoned and after viewing the remains, pronounced death due to apoplexy. Coroner Higgins of Winsted was summoned, and will hold an inquest to-night.

Derby, July 19.—Joseph Rom and Antonio Ingello, the two Italians accused of the murder of Thomas Laville June 29, were before Judge Platt in this city court this morning. Lingello had already been put to plea early in the week. Rom, through his guardian, pleaded not guilty. Ex-Congressman R. E. DeForest of Bridgeport appeared for Rom, Attorney A. C. Baldwin, who had been retained by Rom's brother, having withdrawn from the case. Prosecutor Gilbert moved for a postponement because several important witnesses were absent, and Mr. DeForest agreeing, the hearing was set down for July 30 at 10 a. m.

Milford, July 19.—There was a large attendance yesterday at the funeral of Mrs. Purman, wife of George H. Furman. The body lay in a white casket, around which were banded most beautiful flowers. At the head of the bier were several large floral pieces. The remains were dressed in white, while one hand held a little white book of common prayer, the same held at the wedding three years ago. Rev. W. H. Hutchinson read the service, and a quartet from St. Peter's church choir sang. The pallbearers were Charles E. Coy, Walter I. Addis, William Woodruff, C. E. Trowbridge, W. H. Van Horn and Edward C. Tomlinson. Interment was at the family plot in Milford cemetery.

Bridgeport, July 19.—Secretary Cook of the local Y. M. C. A. was notified this morning that the L. A. W. had reduced the time of suspension imposed on the riders who took part in the annual Y. M. C. A. races here on June 22.

The meet was held without L. A. W. sanction, and it was believed at the time that the omission on the part of the Y. M. C. A. was intentional. In consequence Alfred Stewart, Joe Canfield, Gordon C. Hamilton, Joseph Schieghert, William S. Batcheller and Thomas Walsh, all local riders, are suspended for one year. Secretary Cook recently tendered apologies to the L. A. W. authorities and asked for the removal of the ban. To-day the young men were informed that the time of their suspension had been reduced to two months.

Hartford, July 19.—Wallace W. Holmes, a liveryman of White River Junction, Vt., came here Tuesday and fell among thieves. He made the acquaintance of Mary Shoto, a colored woman, and when he awoke yesterday morning was short about \$100 he had in his pocket the night before. Judge Bill to-day fined the woman \$12 and sent her to jail for four months. Holmes was discharged, but is penniless.

DEATH OF A MERIDEN LADY. Meriden, July 19.—Mrs. William H. Golden, 67, of this city, died at her home on East Main street at 4 o'clock yesterday afternoon of paralysis. Mrs. Golden had been very low for two weeks past, one side having been rendered helpless. Deceased was a native of Orange county, N. Y., and had been a resident of Meriden since 1845. She was in her sixty-ninth year and had been married nearly fifty-two years. She leaves, besides her husband, six children: Ex-Senator William H. Golden, Superintendent E. P. Golden of the Meriden Britannia company, Charles H. Golden, Mrs. Frank Dayton, Mrs. Henry Ludington and Mrs. C. H. Coates, also friends in New Haven.

Mrs. Golden was a most estimable woman and had made during her long residence in Meriden a wide circle of friends, who will sincerely regret to hear of her death.

The funeral will probably be held Saturday at an hour yet to be decided upon. Rev. F. W. Hannan of the First M. E. church, of which deceased was a member, will probably officiate.

WILLIMANTIC'S DIME SAVINGS BANK.

Bank Commissioner Crofut of Danielson, Attorney E. V. Sumner of Will-

imantic and State Attorney John L. Hunter of Willimantic were in New Haven yesterday in consultation with the judges of the supreme court in reference to the affairs of the Dime Savings bank of Willimantic. There had been plans to secure an injunction to restrain the receiver of the bank from paying out deposits to depositors at the expiration of the ninety days notice, and it is supposed the three men came here having in view the securing of the injunction. But plans on this line were not carried out, and after consultation with the judges State Attorney Hunter said that they had decided to go back to Willimantic and call a meeting of the stockholders of the bank and elect more trustees, after which the bank directors will be reorganized and new officers chosen. Mr. Hunter said he thought the bank would be placed on a sound basis and continue to run. He said the bank examiner has said that the bank is perfectly solvent.

ANOTHER CYCLE PLANT FOR CONNECTICUT.

Hartford, July 19.—It is more than probable that the Western Wheel works, one of the largest bicycle manufacturers in the world, will shortly establish a factory in Connecticut. Mr. Coleman, the president, and Mr. Undzinger, the treasurer of the company, were in the city later in consultation with Alderman A. Kananah Child, the secretary of the national board of trade of cycle manufacturers, and together they inspected the building of the Colt's Patent Firearms company, known as the western armory, with a view of examining the adaptability of the building for their purposes.

Mr. Coleman said that he had not yet made up his mind as to whether the place would suit him, but his first impression is that there is not sufficient space for the plant his company intend to make a tour of other manufacturing towns in the state, and if he finds the place that suits him, he will probably start business at no distant date.

A Fireman Killed.

Philadelphia, July 19.—While going to a fire to-day house cart No. 18 upset at Nineteenth and Vine streets. Of the occupants of the cart J. S. Ryder was killed and James Collins, William Murphy, Daniel O'Connell and John McGinn were severely injured.

Three Clubs Indicted.

Brie, Pa., July 19.—H. L. Claybaugh, Harry A. Gardner and Mayberry Miller, three clerks of the National Bank of Altoona, were indicted in the United States court to-day for making false entries amounting to between twenty and thirty thousand dollars. It was while unraveling the tangle in the accounts of this bank that Special Bank Examiner Miller shot himself last winter.

No Evidence of Facts.

Jersey City, N. J., July 19.—Supreme Court Justice Lippincott to-day decided not to grant the order asked for by Zella Nicholas Ruhman for a preliminary examination of George J. Gould. The justice said the plaintiff's affidavit did not give sufficient evidence of facts in possession of Mr. Gould essential to plaintiff's case, nor that Mr. Gould intended to be absent from the trial.

An Advance in Wages.

Lawrence, Mass., July 19.—Notice of advance in wages was posted in the Atlantic cotton mills to-day. The amount is not given. The only reduction in wages made by this corporation was in September, 1892, when a cut-down averaging 6 or 7 per cent. went into effect.

No Conference.

Hartford, July 19.—Judge Dwight Loomis, State Treasurer Hodge and Comptroller Mead were to have discussed the Connecticut river bridge and highway district law at the capitol this morning and endeavor to agree upon the methods of procedure for the guidance of Attorney Cole, counsel for the Berlin Iron bridge company. Judge Loomis was unexpectedly called away and the conference was indefinitely postponed.
